

MILROY

HEREFORDS

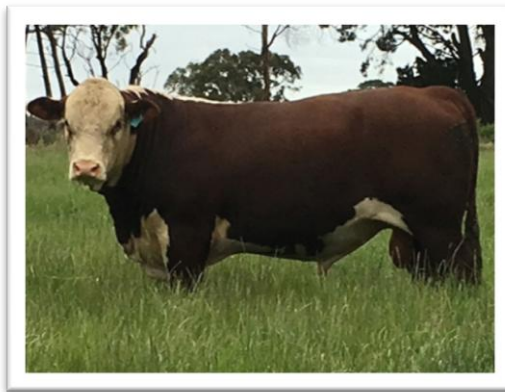

Dear Fellow Cattle Breeder,

We enjoy taking part in the Stock and Land Beef Week and this year we are on Day 9, being Sunday 3rd February 2019. We have **10** rising two year old bulls on hand for sale. We welcome and encourage your inspection of the cattle.

Milroy Hereford Stud was established in 1993. In 2011 we started a Poll Hereford Stud based on Allendale and EBBX Studs. We have introduced Mawarra Vice Admiral in our ET program, and Remittal Alliance and Samsonite to our Poll Hereford program. In 2014 we purchased 2 cows and 2 heifers from South Boorook dispersal. In 2015 we purchased 2 heifers, 1 bull and semen packages from Mount Difficult. At Mawarra in 2016 we acquired 1 horned cow with bull calf at foot and 1 poll heifer in calf. Last year, we purchased 3 cows from the Bowmont dispersal in February 2017.

The stud cattle are run with commercial cattle and fine wool Saxxon Merino Sheep. All cattle are dehorned, MN2 status and EU accredited. The bulls display good growth, temperament, structure and fertility. Come and see our entry in the heifer challenge as well as the cattle on display. Visitors always welcome.
